From

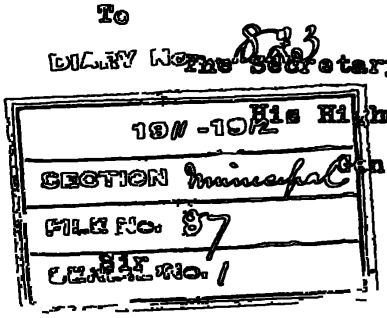
His Highness the Maharaja of Mysore,
Municipal, General and Revenue Departments,
Bangalore.



Adverting to Government Proceedings No. 333-41/Ml.403-10-2 dated the 14th July 1911, observing that orders should be obtained by a separate reference in regard to the increased provision under "C.4.Conservancy (a) Establishment", I have the honor to state that ever since the formation of the expansion between Chamarajendrapet and Basavangudi Extensions, some of the sweepers and toties working in the other Divisions of the City had to be unavoidably detailed for work in the New Extension to the prejudice of the former. This distribution in the existing staff could not be long continued in-as-much-as it could not furnish adequate number of hands for the New Extension, while the conservancy of the other portions of the City would be left incomplete giving rise to loud complaints.

2. Further, the number of occupied houses, of late, has gradually increased in the New Extension and earnest endeavours are being made by the remaining site owners to build more houses. In the interests of sanitation of the City and the Extensions, an additional establishment at a monthly cost of Rs. 99/-, as detailed in the margin, was considered absolutely necessary and provision made therefor in the current year's Budget.
